Re: Freedom of Information Act Request
EPA-R5-2015-002417

Dear Ms. Anderson:

This letter responds to your Freedom of Information Act (FOIA) request dated December 16, 2014. You requested from the U.S. Environmental Protection Agency any and all correspondence regarding the Marquette County Road Commission's County Road 595 Project and all related permit application documents assigned to the Michigan Department of Environmental Quality (MDEQ) File Nos. 11-52-75-P and 07-52-5005-P. You also asked to be contacted about viewing the materials before they were copied.

In reviewing your request, we find your description of the records is not sufficient to allow us to identify and locate the records you seek. Since you did not provide EPA with a contact phone number, we tried to reach you by email on January 8 and January 12, 2015, to clarify your request. You have not responded to those emails. We cannot process your request without further information. We are tolling EPA's 20-working day FOIA response deadline pending clarification of your request. Please contact Melanie Burdick of my office at (312) 886-2255 or burdick.melanie@epa.gov at your earliest convenience. This FOIA will be put on hold. If we have not heard back from you by February 13, 2015, it will be closed.

You may contact Melanie Burdick at (312) 886-2255, or Reginald Pallesen, Office of Regional Counsel, at (312) 886-0555, if you have any questions about this matter.

Sincerely,

A handwritten signature in black ink, which appears to read "Peter Swenson", is written over a horizontal line.

Peter Swenson, Chief
Watersheds and Wetlands Branch
